

Keeping in Touch Letter

Friday 1st May 2020

Dear Parents/Carers,

Thank you for all you are continuing to do to support your children during this time. Please find below some reminders about where to access materials and what to do if you need support.

Remote Learning

For those of you wishing to access the ongoing remote learning, projects and topic tasks for next week will be on the website by 5pm today and you will also find that the class pages have been updated with a new message from the class teachers.

Contact

Don't forget that you can email class teachers with examples of learning, messages from the children or just to ask a question. Class email addresses are below:

Safeguarding

We are still working hard to keep you safe. The Safeguarding Policy has been updated with a Covid-19 annex in line with government guidelines. This is available on the school websites.

Birthdays

Birthdays for March, April and May are below - I am so sorry that we missed publishing the March and April ones. I felt it was better to share these late than not at all. We are now back on track.

Support

I have also attached some ideas you might like to use for praying together as a family. You will also find on our website a link to a script for next week's collective worship linked to this term's value of Service along with a short film clip.

We are aware of the many challenges that families are facing at this time. Don't forget that if you have any worries, including financial ones, you should get in touch. You can email either admin@ address or call us on 01793 677471 during school hours. We have access to different types of support in Swindon and Wiltshire and if we don't have the answer, we will do our absolute best to find someone who does.

Finally, I would like to reassure you once more that whilst we are providing activities for children each week, families should not be putting pressure on themselves to get things completed. We know that there is an overwhelming amount of information being shared online and you will know what is appropriate and manageable for your family. What matters at the moment is everyone staying well, mentally and physically.

We know that there is a huge amount of speculation in the media about when and how schools will be re-opening. When official guidance is given and plans are put in place, we will be sure to keep parents updated.

With very best wishes,

Mrs C Luce

Headteacher
