Dear Parents/Carers,

The new Learning Projects for this week have been uploaded (<http://www.lydiardmillicentceps.org/remote-home-learning-2/>) – please don't forget to pick and choose from these and don't feel the pressure to fit everything in.

You will also find lots of other resources on the Remote Learning page (<http://www.lydiardmillicentceps.org/additional-ideas/>) to be used as and when. These are designed to support not dictate a list of things to do.

If you would like to share photos/scans/comments from the learning your child has been doing or ask a question about the remote home learning then class teachers would love to hear from you. The email addresses to use for each year group are below. Teachers will always get back to you with a response but we need to provide a note of caution here that some teachers are still working on site and many teachers are doing what you are doing – home schooling their own children as well as fitting in their working requirements. It is vital that I enable my staff to work flexibly and therefore responses will come but may not be immediate.

We would ask that an adult sends the email from home please. We know some of the older children may wish to contribute and communicate directly to teachers but this must always be in the presence of an adult.

EYFS parents, please continue to use the ILD for sharing learning with teachers but feel free to use the email if you have a question about the remote learning activities.

For questions or updates about anything other than the remote learning, please continue to use the admin email address and your query will be directed as appropriate. Please do not email teachers directly to request additional learning. Learning will be set as follows:

Fridays after 5pm - The new Learning Project for the next week will be posted

Wednesdays after 5pm – Supplementary activities will be posted

I hope you have a positive week.

Best wishes,

Mrs C Luce
