

Lydiard Millicent CE Primary School

Believe ~ Learn ~ Grow

Keeping in Touch Letter

Tuesday 23rd February 2021

Dear Parents/Carers,

We hope that families enjoyed the half term break and we welcome you back to begin Term 4. As expected, the Prime Minister announced yesterday that all children will return to school on Monday 8th March. This means that for this week and the following week, we will continue to offer the onsite learning for those already accessing the provision and the remote learning offer for those pupils at home.

The guidance for schools has been issued and we will be working with other leaders in the Trust to shape our full reopening plans and risk assessments. Whilst school will feel similar to September last year, when all pupils returned, there may be slight changes with the updated guidance from the Department for Education. All of this will be communicated next week to ensure our families are fully informed and prepared for the return to Lydiard Millicent CE Primary.

We are really looking forward to having the whole school family back together.

With very best wishes,

Mrs J dos Santos

Head of School
